

## Moreland Area Community Centers Preschool

# VISITOR DAYS

We invite you to see our teachers and classes in action. Our staff will greet you outside our classrooms. After a short introduction and observation of our facilities and class activities, please feel free to briefly speak with our teachers.

We encourage you to visit both our Eastus and Phelan campuses on the same day. Expect each campus observation and conversation to last approximately 25 minutes. More time is available if you want or you may schedule a return visit or conversation with our teachers. Travel between the campuses takes approximately 5 minutes.

No children, please. We will gladly make arrangements for you and your child to visit together on another day.

Please phone ahead to reserve your space for your choice of Visitor Day --  
408-446-4166.
